

## Child and Adult Support Team

### Goa, India, Sponsorship Form

#### Tivim

CAST volunteers work at the Lighthouse Children's Home. Here, all the children have been affected by HIV in some way; many come from families badly affected, though a few of the children are actually orphans. Time spent at Lighthouse often involves developing and improving the children's English, as well as spending time playing games and doing craft activities with the children.

#### Panjim

In Panjim, based in the centre of Goa's capital city, CAST volunteers spend time working at the Mother Theresa Home. This home is run by Catholic nuns, providing care and shelter for homeless or disabled women, babies and young children. The majority of CAST volunteers spend time working and playing with the babies and young children, giving them some much-needed attention and stimulation. Although well cared for by the nuns and volunteers, the home is very understaffed, and the children benefit from having contact with our adult volunteers, aiding development in this respect.

#### Damadem

Volunteers work at the Holy Cross Convent. Here, all of the children are HIV positive, and time is spent providing the children with extra teaching. Although the nuns care for and teach the children, volunteers are able to go over maths and English problems, greatly improving the children's ability and understanding. Though there is always time for fun and games after the work is finished!

#### Family Outreach Project

This local scheme aims to help people living with HIV in the local community, supporting family visits and offering an insight into the lives of the people volunteers are working with.

**Any money donated goes directly towards the projects here in Goa, funding necessities such as training, equipment and provisions for each individual area.**

You may wish to make a one off payment to support the project in Goa, or you may wish to set up a standing order in order to provide more continuous support - please see the attached standing order form for more details.

If you want to help with any of our projects or for further information on CAST or L.I.F.E please visit our website
