

Child and Adult Support Team

Hyderabad, India, Sponsorship Form

In Hyderabad, CAST operates in partnership with BHUMI, a registered Indian charity, driven to improve the lives of the poorest and most deprived people in the area. BHUMI has a very dedicated team, with a vision to bring about large scale, sustainable transformation. Work focuses within four areas: education, livelihood, health and sanitation.

CAST volunteers work in Rasool Pura, alongside Developmental Psychologists Dr Cliff Davies and Dr Suzanne Zeedyk, and the Osmania University in Hyderabad, in order to operate this programme. Volunteers administer the Bayley Scales of Infant and Toddler Development to determine which children are showing evidence of developmental delays. Children with developmental delays are identified through this project, and Intensive Interaction and medical interventions are then implemented as necessary. This project aims to identify children with developmental delays, preventing further problems and improving their condition, whilst also raising awareness of preventative health care.

BHUMI are currently in the process of establishing a wellness centre, with the aim of providing a safe and secure base for paediatric and obstetrician services.

Money donated goes directly to the project, funding necessities such as training, equipment and provisions for the centre.
